

POWR-FLITE®

Black Max Upright Extractor

The Professional Choice for Floor Care Equipment

Black Max- the super charged portable with truckmount power! The Black Max combines the power of two 3-stage vacuum motors, a robust 400 psi pump, electric heat and the Perfect Heat system to give you the most powerful portable on the market.

More recovery. The two 3-stage vacuum motors deliver 220" of waterlift and 101 CFM of extraction. These tremendous vacuums deliver nearly 50% more waterlift than two 2-stage motors!

More Power. The heavy-duty, adjustable 400 psi pump can handle the toughest jobs.

More Heat. Not only does the Black Max have an electric heater, it also uses our patented Perfect Heat System. This system continuously provides the hottest solution temperatures available. No other system can maintain water temperatures as high as Perfect Heat!

Large 12" stair climbing wheels and dual pig-tail on heated models. Tools fit right on the unit for easy portability.

Independent motors, pump and heater switches.

Large solution and recovery tank openings for easy tank cleanup and filling.

Front mounted pressure gauge on 400 p.s.i. models and recessed brass connector.

Clam shell design allows easy access to pump and heater.

Wheeled handle for maximum ease of loading and unloading.

Perfect Heat™ ... here's how it works

Black Max extractors use two very high powered vacuum motors. These motors produce enormous amounts of heat. Perfect Heat™ technology captures this heat and uses it to heat the water used to clean the carpets. This unique process requires no additional electric power and is very simple and dependable. This process is so unique and so effective that it is being patented. No other system can maintain water temperatures as high as Perfect Heat™!

- 1** Water is delivered from the tank to the pump.
- 2** The Perfect Heat™ coils preheat the water.
- 3** The electric heater super heats the already preheated water.
- 4** A steady supply of hot water is sent to the wand.

Model	Solution Tank	Recovery Tank	Vac Motor	Waterlift	Electric Heat	p.s.i.	Weight
PF1354PHP-3	13 gallons	11 gallons	Dual 3-stage	220"	yes and Perfect Heat	400	123 lbs.
