

MATERIAL SAFETY DATA SHEET

Stain Blotter

Date Prepared: 01/01/2009

SECTION 1 – MATERIAL AND MANUFACTURER IDENTIFICATION

Product Identifier: Stain Blotter
Product Use: Stain absorbent

MANUFACTURER

CTI (Chemical Technologies International Inc.)

PO BOX 968

Rancho Cordova, CA 95741

Phone: (916) 638-1315 Fax: (916) 638-0712

Emergency Assistance Calls: Chemtrec (800) 424-9300 (U.S.A.) 24hrs.

SECTION 2 – COMPOSITION / INFORMATION ON INGREDIENTS

<u>COMPONENT</u>	<u>CAS #</u>
------------------	--------------

Powdered cellulose	9004-34-6
--------------------	-----------

(SEE SECTION 8 FOR EXPOSURE GUIDELINES)

SECTION 3 – Hazards Identification

Emergency Overview

Off white powder with no fragrance.

Exposure to high concentrations of dust may be Irritating to respiratory tract.

Potential Health Effects

Routes of entry: (skin: yes) (inhalation: yes) (ingestion: yes) (eye: yes)

Inhalation:

Excessive inhalation may cause irritation of the respiratory tract.

Eye Contact:

Dust may irritate eyes

Chronic effects: Not established.

SECTION 4 – FIRST AID MEASURES

Inhalation: Remove to fresh air. If breathing is difficult get medical attention immediately.

Eye Contact: Flush eyes with a directed stream of water. If irritation persists call a physician.

Skin Contact: Flush with water.

Ingestion: Call a physician.

SECTION 5 – Fire Fighting Measures

Flashpoint: N/A

Flammable Limits: Not Available

Auto ignition Temperature: Not Available

General Hazard:

Material will burn if involved in a fire. Like most organic powders, under severe dusting conditions, this material may form explosive mixtures in air.

Fire Fighting Instructions:

Use water, carbon dioxide, dry chemical, or foam.

Fire fighting equipment:

MSDS Product: Stain Blotter

Page 1 of 4, Revised Date: 01/01/2009

MATERIAL SAFETY DATA SHEET

Fire fighters should wear a self contained, positive pressure breathing apparatus and full protective clothing (NICS/MSHA APPROVED).

Hazardous combustion products:

None known.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Small Spills: Sweep, Scoop or Vacuum up and dispose of in DOT approved waste container.

Large Spills: Same as for small spill, then dispose into DOT approved waste container. Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste.

Contain all spills or leaks to prevent discharge into the environment. All spills or releases should be reported to the appropriate local, state and federal agencies.

SECTION 7 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE

The manufacturer and seller warrant that this product conforms to its standard specifications when used according to directions. As the conditions of method of its use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for use of this product. Information contained herein is believed to be true but all statements and suggestions are made without any warranty, expressed or implied, regarding accuracy of the information. The hazards connected with the use of this material and the results to be obtained from the use thereof.

- * For use by professionals ONLY.
- * Always ensure good ventilation of surroundings during use of this product
- * Always keep container tightly closed and properly labels.
- * Avoid contact with eyes.
- * Avoid breathing dust.

Storage temperature: store in cool dry place on pallet without contact to walls, floor, or ceiling.

Storage pressure: Atmospheric

Avoid excessive heat or ignition source.

SECTION 8 – EXPOSURE / PERSONAL PROTECTION

COMPONENT # (Refer to section 2 for component #)	EXPOSURE LIMITS			HAZARD
	OSHA PEL	ACGIH TLV	OTHER LIMIT	
1. Total dust	15mg/m3	10mg/m3	NOT EST	

Respiratory: These precautions are not usually necessary in adequately ventilated areas. Wear NIOSH/MSHA approved respirator when ventilation is not adequate.

Eye Protection: Wear safety goggles to protect against contact when appropriate.

Other: One should always use chemicals with an awareness of the potential hazard of the effect on the human system. To minimize employee exposure to all chemicals, including this product, use good industrial hygiene practices.

SECTION 9 – Physical and Chemical properties

White odorless powder

PH: N/A

Vapor pressure: N/A

Vapor density: N/A

Boiling point: N/A

Freezing/Melting point: N/A

Solubility in water: Insoluble

Density: g/cc 1.27-1.61

Flammability: not established

Evaporation rate: N/A

Viscosity: N/A

MSDS Product: Stain Blotter

Page 2 of 4, Revised Date: 01/01/2009

MATERIAL SAFETY DATA SHEET

SECTION 10 – Stability and Reactivity

Chemical Stability: Stable under ambient temperature and atmospheric pressure. Stable under recommended storage and handling conditions.

Conditions to avoid: Avoid excessive dusting of the product. Avoid ignition sources

Incompatibility with other materials: Although the mixture has no known incompatibilities, some components of this mixture are not compatible with acids, metals, oxidizing or reducing materials.

Hazardous decomposition products: There are no known hazardous decomposition materials of this mixture.

Hazardous polymerization: Major components of this mixture show no hazardous polymerization.

Section 11- Toxicological Information

Toxicological information not available on product.

Section 12- Ecological Information

Ecological information not established on this mixture

Section 13- Disposal practices

Dispose of all waste, empty bottles and contaminated equipment in accordance with all applicable federal, state and local health and environmental regulations.

Do not dump into storm drains, sanitary sewers or any body of water. All disposal methods must be in compliance with all federal, State/ Provincial and local laws and regulations. Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator. The vendor has no control over the management practices or the processes by which the party who handles or uses this material. The information presented here pertains only to the product as shipped in its intended condition and recommended usage.

Section 14- Transport information

This *mixture* has no established reportable concentrations of hazardous or flammable materials regulated by DOT, although any components within this mixture that has DOT regulations are listed below.

Not Regulated

Section 15- Regulatory Information

US Federal Regulations:

OSHA standards require that information be provided to employees regarding the hazards of chemicals by means of a hazard communication program including labeling, MSDS sheets, training and access to written records. We request that you, and it is your legal duty to, make all information in this material safety data sheet (MSDS) available to your employees and those who handle or consume the product.

To aid our customers in complying with regulatory requirements regulatory information for components of this product are indicated below.

- 1 This mixture has no established regulatory information
- 2 This mixture has no established regulatory information

MATERIAL SAFETY DATA SHEET

Section 16- Other Information

All information appearing herein is based upon data obtained from the manufacturer and /or recognized technical sources of each individual component. While the information is believed to be accurate, CTI makes no representations as to its accuracy or sufficiency. Conditions of use are beyond CTI's control and therefore users are responsible to verify this data under their own operating conditions to determine whether this product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance on information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.
