Koblenz has developed high quality floor care products for over 40 years that are targeted at solving real consumer needs in the both the domestic and industrial markets. Quality is designed into the product from its conception. An uncompromising commitment to quality and customer satisfaction is our goal. Our heavy duty wet/dry vacuum is ideal for quick clean ups in the workshop or garage with a powerful 5.5 horsepower motor and 12 gallon capacity. The lightweight design is easy to use and with the included attachments and powerful air blower, you can tackle any job and get it done. The 2-1/2" diameter hose picks up the biggest debris and the six attachments help with multiple tasks. Handy drain spout at bottom of canister makes emptying vacuum quick and easy. A 15 foot power cord eliminates the need to change outlets often. This is the right vacuum for all your household jobs.
