Aztec Products Reliant Series Burnisher 21inch Propane Floor Buffer 20 hp 070-21-LR

21 Inch Propane Buffers
Discover the superior performance and productivity built into the design of Aztec buffers. From an offset body that allows easy access under racks and in corners to the unique pad angle that eliminates side torque and dramatically increases head pressure, the economical Reliant buffer is a time and money saver. Available from stock with Kawasaki and Onan engines.

21" Propane Buffer

The Aztec no-nonsense design was built with the contractor in mind.

Reliant is an unsurpassed value due to its simplicity of design and productivity.

With fewer parts and longer service intervals, the machine's design minimizes field problems and expensive downtime.

>

Dependability and ease of operation make all of Aztec's high speed floor care equipment a must for the growing Building Service Contractor or in-house professional.
