Model Number: AR51H

Hydroforce AR51H Gekko Brush Head Only - 14in MasterBlend 440341 1601-1672

Manufacturer: HydroForce

14" Gekko Brush Head

The brush head is ideal for surfaces that need extra brush agitation in addition to high pressure cleaning. The unique housing design allows the jets to screw directly into the metal head instead of the older design using a spray bar that goes across the manifold. This prevents clogs caused by string, paper and other debris, and increases air flow and performance. The elimination of excess brass components also significantly decreases maintenance expenses.

Details

- 2,000 PSI rating
- 1.5" port
- Two 8001 side jets; two 11001 center jets
- Easy jet change, no special tool required
