Pass and Seymour 10-30R Flush Mount DRYER OUTLET RECEPTACLE 30A 125/250V 3860

Manufacturer: Pass & Seymour

Pass & Seymour 10-30R Flush Mount DRYER OUTLET RECEPTACLE 30A 125/250V 3860
Pass & Seymour 3860 straight blade power outlet. Typically used for older dryers that do not have a ground leg and that require dual voltage: 250V for the heating element and 125V for the controls and drum motor. If you have a dryer with a ground leg (that is, has a 4-blade plug) check out our NEMA 14-30 outlets. This is NEMA 10-30R, 3-pole, 3-wire, non-grounding, rated 30A 125/250V. Fits wallplates with 2.147" or 2.15" diameter opening. Each is individually packaged; packaging may differ from photo. Features include:

- Double-wipe contacts of high performance copper-based alloy
- Receptacle body is molded of arc-resistant plastic
- Dead front design
- #10-#6 AWG wire capacity
- For copper, copper-clad, and aluminum wire
