Sporicidin Contec Citric Acid Disinfectant 32oz Qt cad3212 1621-5550

Manufacturer: Sporicidin

Sporicidin Contec Citric Acid Disinfectant CAD3212

Description
Contec Citric Acid Disinfectant is the low odor botanical that’s ideal for restoration jobs. Gentle enough for people with chemical sensitivities, Citric Acid Disinfectant kills viruses, bacteria, fungi and TB in 5 minutes.

Contec Citric Acid Disinfectant is organic and effective. It is registered as EPA Category IV (lowest toxicity category) disinfectant yet is strong enough to be effective against more difficult to kill non-enveloped viruses* such as Norovirus, Poliovirus, Rotavirus, Adenovirus Type 2 and Canine Parvovirus.

Features

- Citrus-sourced, natural active ingredient
- Organic, but effective
- No shaking required
- Light, natural scent — no pungent odor of thyme
- Design for the Environment (DfE)
- No harmful environmental impact
- EPA Category IV (lowest toxicity category) disinfectant
- No flammable vapors
- Hospital grade — Kills TB and nonenveloped viruses
- Kills Pseudomonas aeruginosa, Salmonella enterica, and Staphylococcus aureus
- Meets OSHA Bloodborne Pathogen Standard
- Effective against more difficult to kill non-enveloped viruses* such as Norovirus, Poliovirus, Rotavirus, Adenovirus Type 2 and Canine Parvovirus
- Tough on germs, but gentle on surfaces
- Will not harm plastics, glass or metal
- Professional forensic restoration strength formula that can be used at home
