Description

The Nilotron Full Release Odor Counteractant contains Super N Concentrate, the most technologically advanced method of odor neutralization. Because smoke and other severe odors are retained in small porous areas, you need Nilotron Full Release to completely eliminate these difficult odors. Nilotron is compliant with all Volatile Organic Compound (VOC) legislation and free of Chloroflourocarbons, 1,1,1, Trichloroethane and Chlorination, which are all linked to the depletion of the ozone layer.
AEROSOLS SHIPPED VIA GROUND ONLY. It cannot be shipped on a plane and it cannot be shipped by the US Post office.

6 1/4 oz. Nilotron Full Release aerosol will neutralize the most severe malodors in an 8,000 cubic foot area.
Place aerosol on a protective covering in the center of area to be treated.
