Model Number: 80.611

Mosmatic 80.611, TUV-520 Undercarriage Cleaning Wand, 21 inch

Manufacturer: Mosmatic Pressure Washing Equip

Due to the popularity of The Mosmatic Undercarriage Cleaner, our development has expanded the line. Mosmatic has now not only two different size undercarriage cleaner, new we have models equipped with stabilizer nozzles. This means more cleaning power and more reach!

The versions with stabilizer are equipped with longer nozzles and a higher protective ring. The diameter of 520mm or 750mm has proven itself. The TUV 520 now comes with a guard plate.
