>

Social Security Number  
Licenses Plate information on vehicle used to transport equipment.  
Credit card information or cash deposit.

Clean and rinse and oil tools with finished. A \$15 cleaning fee will be collected if the equipment is dirty on the return. If the machine is used for body fluid removal, construction work work a \$15 cleaning and sanitizing fee will be assessed PLUS you are required to clean the machine yourself. If you fail to inform us that you used the equipment in this manner you will be open to a law suit for damages by subjecting the public to hazards.

Caution: It is important to inspect the job site to ensure you are working in a safe environment. Do overload the tool and make sure you have working with enough clearance around you and your body is stabilized. It is the responsibility of the user to confirm that the environment can support you and the equipment.

A. How come I have to supply my Social Security Number?

Answer: This is to affect your credit when you do not bring the equipment back. This is no different than when you go to the doctor's office and they ask for your social security number. They only reason they need it is if you do not pay your bill promptly. The only reason the doctor's office needs your SS number is to affect your credit. This is a requirement. The only way to avoid providing this information is provide a large enough cash deposit that will purchase the equipment.
