Model Number: smoke odor car cleaning

San Antonio Car Smoke Odor and Cigarette Damage Deodorization Cleaning and Restoration

Manufacturer: Steambrite MFG

Smoke and soot damage can be caused from having your car parked near a major building fire, forest fire, or from cigarette damage.

You might be needing to sell your car or might have just purchased one. Either way Steam Brite offers 3 solutions to help you.

- Professional on site service,
- Our Location drop off service,
- Do-it-yourself supplies and rentals.

Cars interiors deodorization can be thermal fogged, cold fogged, pressurized cold fogged, cleaned, sprayed, ozone gassed, and having pairing agents used.

Because of so many different ways this service can be performed, we usually recommend that this be performed at our shop. This way after each service, we can inspect it for alternative/next phase of treatment(s).

Service at your home or office is possible but but will have site requirements of electricity and water plus the additional cost of \$35 per service call trip (listed above as Estimated Shipping Cost.) We understand that being without the car may not be possible so we will work with your schedule.

Do-It-Yourself supplies and rentals is also available.

Regardless of the location, the list of procedures is usually the same.

Step one, remove as much of the source of the problem as possible. This means taking a cleaner and soot removal products and clean all the seats, carpet, doors, glass, as much as possible with an extraction machine and using a smoke damage cleaner like DSC Soot Solve

After cleaning the car is fogged with a smoke odor removal product like Odoricide 210 Fire deodorizer or snap off a Nilodor Smoke Damage Fogger.

The car is then ozone gassed for a day.

A Bad Odor Block is placed under the seat.

Fees and charges

Shop service (our location) \$250.00 (covers chemicals, labor, and ozone gas treatment. Does not include seat removal, carpet removal and installation-needed in

>

rear cases)

On site service add \$70 for two service calls
