

Model Number: 1003DX R

Mytee 1003DX R - Demo Speedster 12gal 500psi Heated Dual 3 Stage Vacs Carpet Cleaning Extractor Training Included

Manufacturer: Mytee Products

Mytee 1003DX Carpet Cleaning Machine with 500 psi, Dual 3 Stage Vacuum HEATED with Complete Training Package.

Demo / refurbished / blemished means: might have blemish, scratch, rust, or dent, used at a trade show, tested in the showroom by a customer, last years model, return by shipping company, returned by customer, used by factory for R&D work, or just an out of box just sitting on the shelf/ in the showroom special. Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned. Please do not call to see if it is still available as if the web page is up and viewable, it is available this second. If you delayed and asked if it available so you let some other customer place the order ahead of you. All sales are final.
Condition of this machine: "FAIR"
*Our refurbished /demo equipment goes through the same type of testing as all of our products do that are ready for purchase. The unit is in perfect working condition when it leaves our facility and includes the same warranty as a new machine (except labor).

Get maximum extraction along with real heat with the 1003DX Speedster® carpet extractor.
The 1003DX Speedster® was designed with cleaning professionals in mind. Like all Speedsters®, there are two 12 gallon tanks – one for solution and one for recovery. Each Speedster® has waist-high switches and bucket-high drains. The Speedsters® have 12″ ball bearing wheels and 5″ locking casters for easy mobility around the job site or even stairs. The Speedster® is virtually as good as it gets when it comes to purchasing a carpet cleaner.
The 1003DX Speedster® is:

Powerful – The 1003DX Speedster® features a 1600-watt heater that reaches a maximum 210Ëš, 500 PSI piston pump, 137” of water lift and 200 CFM.
Efficient – With two 3-stage, vacuum motors that provide maximum suction and airflow to clean and dry carpets quickly.
User-friendly – With aluminum handles for easy loading and unloading. Easy-open vacuum tank lid, waist-high switches and other easy-access features that reduce bending. Locking casters that reduce machine movement. Dual, 50′ detachable power cords and a large hanger for storing hoses and cords.
Durable – With a housing made of tough roto-molded polyethylene the 1003DX Speedster® resists rusting and denting.

The Speedster® line of carpet extractors are powerful, portable, user-friendly and affordable. They have features that set them apart from the competition. Made at our

California plant, our Speedsters® undergo extensive factory testing to ensure that they meet rigorous quality standards. Mytee® extractors are covered by the strongest warranty in the industry. The housings are covered for life. Mytee® carpet extractors represent the cutting edge in cleaning technology. Take on any job with confidence utilizing the Speedster’s® combination of power and versatility.

Pet & Urine Start Up Chemical Package OPTIONAL

Note the Mytee M3 and the Mytee 1003DX use the same vacuum motors and get the same vacuum performance.

Note that both Mytee and SteamBrite reserve the right to change exact specifications without notice. What does this mean? It means that we do not open your boxes and Mytee will change the components that they use to build your machine. We verify the model number and voltage that is stamped on the box. We do not guarantee exact color or shade of your product though usually these ship in the blue family. In early 2018 Mytee is in the process of changing the rear wheels and front casters to a different size and specification. Other changes might also take place. What Mytee does guarantee is that the performance and the product is new and comes with the full manufacturer's warranty. In early 2018 Mytee is in the process of changing the rear wheels and front casters to a different size and specification. Other changes might also take place. In other words, this is a 500 psi pump with dual 3 stage vacuum in a dual 12 gallon body style with dual 50 ft 12-3 power cords, but the exact pump model or exact vacuum motor, pressure gauge, size of heater, style of caster and wheel, color of the vacuum lid, does exhaust blow at the bottom or back wall, or brand/color of switch that is installed in your machine can be different. In the last year these machine have been built with Pumptec pumps, Cat Pumps, and General pumps. These are all great pressure pumps. The vacuum motors have been consistent for many, many years with the same Electro vacuum motor used but this has not always been the case as some other brands have been used. Constant changes are made on designs to improve performance as well as based on vendor
