Model Number: SBM3HEPA-230v

Clean Storm SBM3HEPA-230v HEPA 3 Shop Vac Motor 3 Filter Wet Dry 20 Gallon Tank Tool Kit
230 volts International

Manufacturer: Clean Storm

This is the strongest 20 gallon HEPA vac in the world! 220 to 240 volts for International use.

This unit is manufactured with three separate 2 stage vacuum motors (6 stages of vacuum)

The unit has 20 gallon stainless steel tank

Washable CleanStream HEPA filter media

Perfect for Fine Dust Pick up, Drywall Dust, Cold Fireplace Ash, Cement Dust, Furnace and Duct Cleaning, Wood Stoves, Auto Refinishing, Mold Clean up, Asbestos, Drug Lab Clean up...

- Triple 1.6 hp commercial duty vacuum motors produce 288 CFM and 90" water lift to make quick work of floor stripper and liquid spill recovery

- 18 gauge stainless steel tank

- Convenient tip and pour feature for quick and easy debris disposal. Insulated vacuum head unit for quiet operation

- Comes complete with two-piece wand, hose, 14" carpet and squeegee tools, plus, crevice and dusting tool, 6 ft 1-1/2" ID vacuum hose

Triple vacuum filters for dry pick up.

Stage 1: High Efficiency Disposable Filter bag

Stage 2: Polyester Cotton Separator

Stage 3: Washable CleanStream Hepa filter

Caution, Do not use with flammable liquids. Unit is not explosion proof. Remove paper bag for liquid pick up. Do not use with liquid pick up more than 10 gallons without dumping water.

Triple automatic vacuum check valve system installed under each vacuum motor to allow you to run the machine with one, two or three vacuum motors. Check valves automatically prevent air flow sucking backwards through motors that are not turned on.

The vacuum on this is strong enough to use for air duct cleaning.

Video below is on the standard, non hepa model.

WARRANTY INFO

5 year tank, 1 year motor and parts

One 25 ft 12-3 power cord operates two vacuum motors and one 25 ft 14-3 power cord operates the remaining third vacuum. Each cord needs to operate on separate circuit breakers. NOTE: 230v machines will come with cords, but without cord ends, as the end user will need to self install their local plug requirements.

Steambrite Wet/Dry vacuums have the capacity and power for large water recovery jobs or dry debris pick-up in the shop or on the job site. They are perfect for hard floor maintenance jobs, recovering floor strippers and hard floor cleaners easily. The swivel hose connector allows 360 hose rotation, letting you move the vacuum without fear of disconnecting.
