Manufacturer: Clean Storm

1/4" Mip X 1/4" Mip Closed Nipple Stainless Steel

We recommend that you only consider stainless steel instead of brass in this part.  
The brass is just too soft and cannot hold up.

1/4 X CLOSE 304 SS NIPPLE

7/8" Long

Also marketed under part number: 48-020

Kaivac PCS33 original was installed with a brass nipple but the metal is too soft, so  
now we upgrade the repairs with stainless steel. Holds up way better!
