Click on each link below to read more about each item (opens in new tab)

PMF: Detailers 4 1/2in All Stainless Steel body and Head, NO-DRIP Internal Spray 500psi Brass Valve High pressure Hose

The hart of the system. Cleans best between 200 and 500 psi. water pressure. Cleans Bi-directionaly with zero over spray and zero mess twice as fast as open spray or closed spray tools. Half price over other bidirectional cleaning wands! Stainless steel construction means it last a lifetime.

PMF: Hide-A-Hose Conversion Kit 6ft 1-1/2" Tools to 1-1/2" customer cuff

Takes the weight out of your hand. 7 ft solution hose travels inside of the 6 ft vacuum hose to take the weight of the quick disconnects and filter out of your hand. The solution hose is a 3000 psi non-wire braided hose. This too is designed to take the weight out of your hand. The vacuum hose is 1-1/4" ID while other hoses are 1-1/2" ID, this too takes the weight out of your hand. While cleaning cars this takes the quick disconnect away from the threshold and away from the customers paint. A great upgrade. You will be glad that you added this hose to your cleaning wand!

>

## PMF: Wand Filter

Service you filter and jet on you time schedual instead of in the middle of a job when a customer is waiting for you to finish. You cannot see the jet spray on this all stainless steel internal spray tool while you are cleaning, so this is a recommended add on.

## Foster: Bretco 1/4in Male Brass Quick Disconnect QD Nipple

Fits over 95% of all carpet cleaning and truckmounted systems on the market to day. EDIC and Butler might be the only factories using female QD now.

Production Metal Forming Inc. is the largest manufacturer of carpet wands, upholstery tools, valves and other accessories for carpet and upholstery cleaning industry. We created the patented Hide-A-Hose and the patented Internal Spray Detailer. We also make proprietary items for OEM manufacturers of the industry. PMF's reputation is built on first-rate customer service and quality products "Made in the USA."

Detailers 4 1/2in The NO-DRIP Internal Spray Detailer  
U1564SB-500psi, brass valve

The NO-DRIP Detailer has the jet inside the vacuum chamber. The only true no overspray tool! And with the jet set-up inside the vacuum head, you get even MORE access into those small tight areas that are totally impossible for the other tools. All stainless steel including nuts and bolts  
One piece stainless steel jet and stainless steel solution line No rusting EVER!  
Jet assembly can be exchanged for different sizes  
1' whip on high pressure

Note: Male Quick disconnects are included with package. If you need a female, please let us know!...

Foster: 1/4in Male Brass Quick Disconnect QD

Foster: 1/4in Female Brass Quick Disconnect QD

Foster: 1/4in Male/Female Set Brass Quick Disconnect QD

PMF has been in business for 33 years now and growing. We are a family owned business with many long time employees who are considered family to us. Our employees craft each tool expertly and each one is made with great care and attention to detail.

YOU... our customers are the most important thing to us and our customer service will go above and beyond the call of duty to please you. You will always talk to a human and NEVER be dumped into one of those irritating voicemail systems.

If there is something that you need and don't see it in the catalog.... Just ask one of helpful sales people and we just might have it!!! Thank you for being the greatest customers in the world, we look forward to providing you with the highest quality items for many years to come.

Thanks from all us at PMF
