The Twister Vac is a unique rotary surface cleaner with wash water recovery capability. Imagine how efficient you will clean without the hassle of having to do a final rinse or containing wastewater runoff. Using a Twister Vac with your existing hot water mobile wash skid, you will be able to clean flat surfaces up to 20,000 sq. ft. per hour, plus recover your wash water all in one simple step when you connect to a Hydro Vacuum® recovery system. Requires minimum 104cfm/91" lift vacuum source, vacuum hose, and a pressure washer. Suitable for use on greasy factory floors, concrete parking lots and drive-thru areas, gas stations and garages. The ANT12 has a composite 12" deck.

Optional
