Model Number: D51235

Damtech 1200 psi brass valve 251-30 PCMPV1175 8.632-727.0 86327270 [D51235]

Manufacturer: Damtech

Damtech D51235 offers quality and performance at pressures up to 1,200 PSI. This valve is made of a forged brass body with a stainless steel stem assembly. The 30 degree angle eliminates the cost and labor required to attach an additional 30 degree elbow fitting. The D51235 provides a superior pressure rating as well as the craftsmanship and durability of the standard 251FT-2-2.

Max. operating pressure 1200 PSIG Temp. range –40°F to 225°F

THIS PRICE IS BELOW DEALER PRICE!!
NO PHONE ORDERS, MUST BE PURCHASED ON-LINE.
(Has a stamped D51 on Nut or C on side)
