Model Number: 94-534-00

Shurflo 94-534-00, SRS-600, Propack Rechargeable Electric Backpack Sprayer Replacement Harness Kit

Manufacturer: Shurflo

Propack Electric Backpack Sprayer Harness Kit.

This kit does not include the sprayer, just the repair harness.

The Propack sprays up to 120 gallons on a single charge, eliminating the need to manually pump up the sprayer to maintain pressures and spray patterns. Micro-processor control with 4 pump speeds and easy-to-reach, one touch master control. Adjustable nozzle provides for high volume cone, long-range solid stream or delicate mist spraying.

Chemical resistant Shurflo pump is "on-demand" - simply depress wand lever to start spraying & release to stop. Ergonomically designed 4 gallon tank, full breathable pad pack, thick shoulder pads & waist belt for maximum comfort. Battery pack removes easily; status lamp indicates "power on" & blinks when time to recharge. Includes TriggerJet®; polypropylene wand with adjustable nozzle. 40 PSI at 1 GPM.

you can charge your sprayer from a standard wall outlet or recharge for any 12 volt battery post.

## Features

- Sprays up to 120 gallons (454 Liters) on a single charge
- High performance chemical resistant SHURflo pump
- Advanced microprocessor pump control
- Variable speed and adjustable nozzle for light or heavy duty spraying
- Ultra comfortable ergonomic design, full back pad, and thickly padded

>

shoulder harness

## Improvements

- Teejet all Polypro spray wand
- Splashproof battery pack and power plug
- Higher capacity charger, 40% faster than SRS-540

New from SHURflo the SRS-600 offers the benefits of the previous SRS-540 with several valuable improvements. The SRS-600 offers breakthrough performance, convenience, versatility and comfort in a backpack sprayer. ProPack®; eliminates the need for the operator to continually "pump up" the sprayer to maintain a constant and steady spray pattern as with manually powered sprayers, making spraying faster and easier than ever.

The ProPack's® micro-processor control allows the operator to select one of four pump speeds, that when used in conjunction with the included adjustable cone nozzle can deliver a delicate mist, high volume spray, or long-range stream to meet any spraying need.

The unique battery pack is easily removed without the use of tools for remote charging. The light-weight ergonomically designed tank, full breathable back pad, thick resilient shoulder pads, and waist belt make the ProPack®; comfortable even with a full load.

## Other Features

- Advanced one touch master control-select from four speed settings
- On demand operation-depress the hand lever to begin spraying release to stop
- Select low speed settings for a light mist for delicate work
- Use the high settings for a dense spray to cover large areas quickly
- Set the spray tip to stream and select the high speed setting on the pump for hard to reach areas
- The micro-processor regulates pump speed for consistent spray at all settings
- The status lamp indicates power on and blinks when the battery needs recharging
