Model Number: B-4

XPOWER B-4 Mobile Pro 3 HP Variable Speed Professional Pet Grooming Dog Force Hair Dryer

Manufacturer: XPower Air Movers

X-Power B-4 Forced Blower and Vacuum for Pet Grooming

Orders may be filled in Blue, Green, Pink, or Purple. Color not guaranteed as box is not opened before shipment. Currently orders are being filled in the default Blue color.

The XPOWER B-4 Mobile Pro Force Dryer comes with a single low vibration, balanced motor and improved carbon brush design that produces at least 40% less noise than our nearest competitor. Drawing only 10 amps of power at max speed, the Mobile Pro 3 HP single motor force dryer features variable speed control and is preferred by novice groomers who want precise control in airflow for the toughest large breeds to the smallest and most timid toy breeds, and priced at the lowest cost for a variable speed pet dryer that offers portability, quietness, low power usage, and high job effectiveness. Constructed with durable and lightweight ABS plastic, the B-4 pet dryer comes complete with three secure screw-on styling nozzles and an 8 Ft. long x 1.7 inches diameter high flex thermal hose. A washable 3-filter system keeps the motor operating at top efficiency and is easily accessible through the screw-off end cap. In addition, B-4 is compatible with the Wall Mount Kit (WMK-2) for convenient storage, as well as the multiple position tilt capable Stand Mount Kit (SMK-3) with Stand Conversion Arm (SCA) to convert to a hands-free dryer. With a one year limited manufacturer warranty, the XPOWER B-4 Mobile Pro Force Dryer is precision engineered for many years of service.

Product Features

ABS

This item is no longer available to be used as a Vacuum, We need to be sure customers are not mislead. The hose and nozzle updates means there is no longer a C ring to open and release pressure, when the B-4 is placed in the vacuum position.

The updated images will show screw on Nozzles and a teal (ish) hose. Also the updated Airflow is at 150 CFM.
