Model Number: 6684D6

JE Adams 6684D6, Aqua Breeze Pumptec Series 112V Pump, w/M35 Motor, 120 Volt 200psi

Manufacturer: J.E. Adams

JE Adams Mist Cooling Aqua Breeze Pump
Series 112V Pump w/ M35 Motor 120 Volt 200 PSI

120 Volt, 200 PSI (recommended) Spray, '03 Nozzle (not included),
.67 GPM Spray, 1.3 AMPS Spray, 11 lbs

Please note the factory is now replacing all M35 motors with M70 motors, so orders
can be filled with either motor.

112v pump and motor used in NINJA, MYTEE, CROSS AMERICAN, ETC. Pumptec
part #80105, Mytee C322

EFFICIENCY

The plunger type design of the 112 is the most efficient way possible to pressurize water. PUMPTEC® efficiency produces up to 20% more pressure or flow for a given power input compared to some competitors' pumps.

MAINTENANCE & SIMPLICITY

Factory lubricated for maintenance free performance. The only tool needed to completely disassemble the pump to its basic components is a simple hex wrench.

DURABILITY

Durability results from exclusive use of premium materials. All metallic wetted parts (except body) are stainless steel or chemically resistant plastic. The plastic pump body is nearly indestructible compared to pumps made of castings. Precision molded plastic body offers chemical compatibility with a wide variety of chemicals.

>

VERSATILITY

Flow and pressure can be optimized to exactly match power input to nozzle size by customer selection of the precise eccentric offset.
