Print Brochure:

Shark's DG series is compact but heavy-duty - the most popular direct-drive cold water model

These Shark models are tough gasoline-powered direct-drive cold water machines that deliver cleaning power of up to 3500 PSI. Built on compact sturdy steel frames, each unit features a dependable industrial-grade Honda engine, Käml;rcher crankcase pump, hose/gun rack, detergent injection, and tubed pneumatic tires. All models are ETL certified

PRODUCT OVERVIEW

- Chrome handles
- Steel frame with powder coat finish
- Commercial grade Honda GX engine
- Cleaning power up to 3500 PSI
- Industrial direct-drive Käml;rcher crankcase pump

Shipping

>

All pressure washers are shipped FREE to anywhere in the lower 48 states. to commercial address. A \$75 fee applies to residential address.

However, the accessories often ship separately from different manufacturers in different locations.

We only charge shipping on the accessories – not the pressure washers.

We ship to Alaska, Hawaii and Canada. Standard shipping rates will be charged to these destinations.

Changes to the delivery address requested after the product ships will incur a \$50 reconsignment fee.

>

Lift-Gate Service Have Your Pressure Washer Unloaded Safely

Pressure Washers Direct gives you the option to order "Lift Gate Service" on all pressure washers that weigh more than 100 lbs.

The fee for this optional service is \$50.

Due to the weight of these pressure washers, they cannot be shipped via UPS Ground.

Instead, they are shipped via semi-trucks, which are designed to unload products at loading docks and freight terminals.

If you have a loading dock or forklift, you do NOT need liftgate service.

If you are a residential customer, you must have AT LEAST 2-4 able-bodied people present to unload the pressure washer.

While some truck drivers are kind enough to help, they are not required to help you lift the products.

If you do not have the equipment or manpower, you can order a special truck equipped with a hydraulic lift to safely lower the product from the truck to the ground.
