Clean Storm Package Enterprise 20gal 2750psi HEATED Portable Truckmount Extractor Package
Auto Fill Auto Dump SBMExp

Manufacturer: Clean Storm

Electric Truck Mount and Hot Pressure Washer Start Up Package

This is the first extractor that has four 2 stages vacuum motors (8 stages total) that has each pair of vacuum motor in series and then those to sets of pairs mounted in parallel. With eight stages of vacuum, this provides the best vacuum performance with both high CFM and High inches of water lift (12" of mercury). The machine can product 42,500 vacuum units (maximum CFM X Maximum Inches of lift = Vacuum units). You can also operate the vacuum motor pairs independently so if you want to only use only one set of motors because of shortage of electricity. This unit can operate on two, three, or four 120 volt 15 amp power cords or on 230 volt electric dryer outlet. Electrical converters is provided to plug into 5 different types of outlets. Extremely versatile cleaning system will let you do carpet cleaning, upholstery cleaning, air duct cleaning, pressure washing, tile and grout cleaning. You can even plug your machine 100 ft away from your electric dryer outlet by using the 230 volt power cord first and then run your 12 gauge extension cords the last 50 ft. Whether you want to pressure wash, clean tile floors, water extraction, auto detail engines or interior or just clean carpet and upholstery, or even air duct cleaning - this machine is the most versatile electric extractor on the market today. You can click on any of the links below and it will open the link in a new window to read more about that item.
