US Products Kraken Flood King DX
Flood Pumper

The Flood King DX is the heart of the ultimate extraction system of the future. When you need to access multi-story units, when security is an issue, or if you're looking for a low-cost way to enhance the versatility of your fleet…the new Flood King DX is the solution. It will optimize the deep extraction tools you have now as well as those yet to come.

>

- Improved Performance — Offers a 20-40% better performance compared to our previous Flood Pumper when using deep extraction tools
- Compact Size, Easy to Transport — Same footprint and large back wheels as our LGR 2000 dehumidifier, weighing only 88 lbs
- Advanced Filtration — Three-stage, easy-access filtration system reduces clogging and longer-lasting filters cut down on maintenance time
- Quieter Operation — Runs up to 10 decibels quieter than our previous Flood Pumper
- Diffuser housing
- Integrated Hose Wrap and Wand Storage — Helps the unit stay compact, but keeps the tools you need at your disposal

We compare the top flood extraction units on the market to see how they compare. [Click Here](#) is the list of features to look for.
