(BACKORDERED UNTIL SEPTEMBER 2023)

Kleenrite 70000 X-vac Pile Lifter
MA29
1630-2844
124380

Overview
X VAC The Xtreme Pile Lifting High Air Flow Vacuum
99% Filtration (0.3 micron)
Natural Vegetable Fiber Brush
Positive Brush Drive
12300 RPM Fan motor
Clean, Restore and maintain the appearance of all carpets!
The X VAC provides Xtreme soil removal of dry particles imbedded in carpet fibers and Xtreme pile lifting capabilities. Regular use of an X VAC helps keep carpeted areas cleaner and visible more attractive while promoting a healthier environment due to the X VAC's high micron filtration capabilities. The X VAC is a must for every carpet care program or prior to wet or low moisture cleaning of carpets in residential or commercial environments.

Features:

- HEAVY DUTY, MILDEW RESISTANT, HIGH EFFICIENCY (0.3 MICRON) FILTRATION OUTER BAG AND 99% (0.3 MICRON)FILTRATION DISPOSABLE INNER BAG FOR A CLEANER AND SAFER ENVIRONMENT

- HIGHEST VELOCITY VACUUM FAN (10,300 RPM) OF ANY PILE LIFTER REMOVES MORE FINE PARTICULATES

- DUAL MOTOR SYSTEM IS PROTECTED FROM DUST AND DEBRIS. THE PROTECTIVE ROTO MOLDED COVER SUPRESSES NOISE AS WELL

- SELF LEVELING BRUSH IS REVERSIBLE FOR LONGER WEAR, SELF CLEANING, AND DOES NOT BREAK, CUT OR PULL PILE LOOP

- POSITIVE BRUSH DRIVE INSURES SOLID BRUSH ACTION EVEN ON HIGH PILE OR SEVERELY MATTED CARPETS

Steambrite Supply

- OPERATOR HEIGHT HANDLE ADJUSTMENT WITH POSITIVE LOCK FOR OPERATOR EASE WHEN IN USE OR STAIR CLIMBING AND MOVING UNIT FROM DIFFERENT LOCATIONS WHEN NOT IN USE

- EASY OPEN, EASY CLEAN, HARD DEBRIS TRAY COLLECTS HEAVY PARTICLES LIKE PAPER CLIPS ALLOWING ONLY FINE DUST AND LINT TO ENTER VACUUM FAN AND TOP FILL, DISPOSABLE BAG

- 50’ DETACHABLE POWER CORD – 15 AMP CIRCUIT OPERATION

Referring to pre-vacuuming, the IICRC "Carpet Cleaning Standard" states: "Overall dry vacuuming of high-traffic and open areas is essential. An upright vacuum, or pile lifter, which incorporates high-velocity suction and nap agitation is specifically recommended."

The HydroForce Pile Lifter is the ultimate professional vacuum. This is a well-built unit which not only utilizes extremely high suction, it adds the benefits of a large cylindrical brush which lifts, combs, and brushes the carpet pile. Versatility of the pile lifter ranges from standard vacuuming needs to heavy-duty uses such as removal of broken glass or construction materials. It employes a trap door which protects the motor from large debris, while allowing lint, dust, and fine particulate matter to reach the bag.

HYDRO-FORCE PILE LIFTER
Item No. MA29 /
1630-2844

The New Hydro-Force Pile Lifter provides extreme soil removal of dry particles imbedded in carpet fibers and extreme pile lifting capabilities.
