Viking Equipment Axial Air Mover Professional With (GFCI)
50 unit min order from factory

VP3000 with

Connect up to four of Viking's new VP3000 Axial Airmovers on one c

The Viking Professional Axial Fan g
to 3000 CFM while drawing less tha

Its Focus™ Technology far outperfo
competition by directing the airflow
the hardest to dry areas such as carpe
floors, and walls.

The stainless steel control panel with
offers the operator the ability to con
four on a single 15-amp circuit.

Performance

- Greater air velocities than competitive products
- Focused velocities 0 to over 23.5 feet
- Directs airflow towards problematic corners, where the wall meets the floor
- Capable of reducing secondary damage claims stemming from the side effects
- 3000 CFM
- Long life 2-speed motor

Construction

- Lightweight and compact Linear Low Density Polyethylene (LLDP) housing is washable, and chemical resistant
- Units interlock for ease of stacking during storage and handling
- Ergonomic handle
