Lasko 9555 Air King Pro Full Size Air Mover 046013436207

Manufacturer: Lasko

Lasko Air King Pro Full Size Air Mover 9555 Pivoting Utility Blower

The Air King Plus is 50% bigger and moves 50% more air than the standard Air King Blower!

Each unit draws only 1.0 amps on High setting. One 15 amp circuit will run 15 to 18 blowers! Simply plug one blower into the wall, then string more blowers - one plugged into another!

Maximum air velocity! Air King is still pushing air 50 feet from the unit!

Direct air where needed with an infinite number of blower head positions

Speed dry upholstery and carpet after cleaning or when spotting

Flash dry hard surfaces after cleaning and mopping, or when applying floor finishes

Use to cool you while working in the heat

Plug other electrical tools directly into the Air King

Flood restoration! Low amps+high air velocity+small size = quick structural drying!
