

Model Number: 20130925

Clean Storm Live Solution Hose Reel Replace 165 ft Sections to Solid 160ft of 1/4in ID hose

Manufacturer: Clean Storm

TRADE UP. Does your package already include 3 sections of 50 ft solution hose + one 15 ft section (165 ft)
Turn in those brand new hoses in at the time of your purchase and upgrade to this live solution reel package.
Please note you must be purchasing a new portable or truckmount to purchase from this web page otherwise you will not have any hoses to trade in.
This is a complete solution live reel system for carpet cleaning and tile cleaning truckmounted machines.
Includes the 160 ft live reel rated for hot water.
160 ft of 1/4" ID 3000 psi carpet cleaners solution hose -solid continuous piece (current color of hose is blue - not show here)
1/4" ball shut off at end of hose (allows you to change cleaning tools without turning the pressure off at the machine)
1/4" Female QD
15 ft 3000 psi solution hose to hook you live reel system to the face of your truckmount or pressure washer.
1/4" Male QD on a 90 degree elbow (this will allow you to close the door on your van)
System mounts on the floor or wall and will fit between the two uprights on the vacuum reels.

Matches us very nicely with the 200 ft double live vacuum reel. This way you can have a triple reel system in very small space. This live solution reel mounts between and in front of the vacuum reel.

Includes one each of the items below:

AP Solution Live Hose Reel for Truckmounts and pressure washing 3/8" Swivel X 100 ft of 3/8" or 160 ft of 1/4" Solution hose 98040670

The heart of the system. Bolts to the floor in front of you vacuum hose reel.

Clean Storm Solution Hose - 15ft Long x 1/4in ID- 3000 psi rated Non marking jacket

This is the connection hose that takes the water from your truckmount to the hub of the reel. 15 ft is long enough to work with all sizes of vans and trailers.

Shazaam: Solution Hose 160 ft Long x 1/4in ID 3000psi Non Marking Jacket Carpet Cleaners

Hose fits perfectly on reel. 160 ft matches/ works perfect with three 50 ft sections of 2" vacuum hose + a 10 ft 1.5" vacuum hose leader. The most common set up with truckmounted carpet cleaning machines. If you want to carry extra hose, just hang it on the van wall.

Ball Valve: 1/4in - Male X Female 1000 psi Chrome Plated

Allows you to turn the water pressure off at the end of the hose to change cleaning tools or sprayers without having to turn the truckmount off.

Steambrite Supply

Foster: 1/4in Female Brass Quick Disconnect QD
The last piece at the end of the solution hose. Used to connect your hose to you cleaning tools or injection prespray system.

Foster: Bretco 1/4in Male Brass Quick Disconnect QD Nipple
Hooks to the 90 elbow below so you can hook to your face of your truckmount full time and shut the door.

3/8" Mip X 1/4" Fip Brass Bushing Adapter
Need to convert 3/8" pressure washing hose reels for use with carpet cleaning and tile cleaning 1/4" solution hoses.

1/4" Mip X 1/4" Fip Street 90 Brass Elbow

Steambrite Supply

>

Connects between 15ft solution hose and Male brass QD to assist in being able to shut the door of the van and still leave the solution reel hooked to the machine
