Clean Storm Pressure Washing Lance 36In Insulated Molded Grip 5250PsiX1/4inMip 8.752-894.0  
V36ICS DL36ICS [87528940]

Manufacturer: Clean Storm

Pressure Washing Lance extension with Insulated Molded Grip, 36in (900 mm),  
Chrome, 5250 Psi - 8.752-894.0

This 36 inch, 5250 PSI Zinc Chrome Plated Steel Wand boasts a comfort technology  
designed molded grip that conforms to the curvature of your hand, allowing you to  
comfortably change positions.

Linear aeration provides continuous airflow between your hand and the exclusive grip.

The grip is directly molded on to the lance to provide additional protection and  
strength.

The Clean Storm is considered the favorite molded grip lance design in the industry.

Works with both hot and cold pressure washers that spray up to 12.5 gpm.

Standard 1/4" Mip threaded ends
