Harvard Chemical 500808 Fringe Bleach Oxygen Bleach for Rug Fringe Case of 4

Manufacturer: Harvard Chemical Research

Harvard Chemical 500808 Fringe Bleach Oxygen Bleach for Rug Fringe Case of 4 x 7.5lb Jars

Description

Fringe Bleach is an odorless powdered, oxygen releasing, bleach for treating browning and color bleed on cotton fringes of oriental rugs. Begins to work as soon as it is applied to fringes and continues to work until you have reached the desired level of whiteness and rinse it. This oxidizing bleach reduces or removes browning from fringes by adding oxygen to it. Rinse with fresh water after use. Always test on color fabrics before use. Use on Colors at Your Own Risk.

Specifications

Appearance: White Powder

Odor: Low

pH: 7-9

Directions

Mix 1-2 tablespoons of Fringe Bleach per gallon of warm water. Apply with a soft spotting brush to browned cotton fringes on oriental rugs. Wait until desired whiteness occurs, rinse with water and dry rug flat. Warning: Use on colors at your own risk. The manufacturer will not assume responsibility for bleaching of colors. Do not mix or add to any material except water. Do not use on furniture.

Safety Cautions

Keep out of reach of children

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material safety data sheet. (MSDS).
