Manufacturer: Legend Brand

Sapphire Scientific 48-098 Hoss 700 Glides 10 pack (5 of each kind)

The NextGen 1 - constructed from a highly durable polymer - has a larger footprint than the current stainless steel glide. The larger footprint provides the user with ultra-smooth operation. It works extremely well on truckmount systems of all types. (No longer available)

The 107362 NextGen 2 is also a highly durable polymer glide that uses a rounded head design. This glide provides smooth operation, a high level of agitation and superior solution recovery. Using the HOSS 700 with the NextGen 2 glides and a portable extractor boosts performance to truckmount cleaning levels for both residential and commercial carpets. (This item)

NextGen 1 and NextGen 2

*** Item is the NEXT GEN 2 format / last one in stock
