Prorestore 101257000 Blastmaster Electric ULV Fogger 110 volt Unsmoke Cold 101695

Note the color/shade of the plastic housing or hose is not guaranteed.

Orders can be filled in Black, Blue, Gray, Green, or Red.

Description

Deodorize, disinfect, seal. Use the Blastmaster electric fogger for any cold-fogging restoration and remediation tasks, such as duct sealing, deodorizing and disinfecting. Constructed of rugged molded polyethylene. The Blastmaster features ultra-low volume output that produces extremely small particle sizes. This means even dispersal with little waste of product, making it highly effective for use with disinfection and odor control applications. The Blastmaster is suitable for applying water or solvent-based formulations.
