Model Number: AW105 D

HydroForce AW105 D Demo SX15 Hard Surface Cleaning Tool Spinner Wand 1603-1801 Freight Included

Manufacturer: HydroForce

HydroForce AW105 D: Demo SX15 Hard Surface Cleaning Tool Spinner Wand FREE Shipping 1603-1801 Features

- Industry-leading 15" cleaning path allows you to clean 25% faster than 12" models
- Aerodynamically engineered radial vacuum line creates a laminar-flow vortex in the cleaning head that allows the SX-15 to remove water twice as fast as competitive models
- Tool-less design makes changing the boots a breeze. EZ-LOC boot uses no screws or pop rivets, simply release three locking levers to change your boot on the fly
- Toe-adjustable vacuum relief lets you adjust the suction strength on the fly
- Low profile allows the unit to fit under toe kicks
- Easy access inline filter makes cleaning the filter a snap
- Quality components will handle operating pressures from 1500 to 2,600 PSI so you can blast away oily deposits
- Recommended use pressure - 1500 psi.
- Stainless steel handle and high-tech polymer casing will take a beating and ask for more
- Handles are spaced shoulder-width and allow you to use side-to-side or front-to-back cleaning strokes
- Lightweight construction makes it feel like the machine is floating along the floor
- Tool length is comfortable for users of all heights
- *Hard boot not included.

Videos

This video illustrates the decrease in dry time achieved with the new SX-15. Two versions of the 15" Turbo tile tool were used as a comparison; one with the standard 1501 jets it is sold with, and one with the 0502 jets used on the SX-15. This was done to make a more accurate comparison between the two tools. The 0502 is a smaller angle jet than the 1501 which increases the pressure and cleaning power. The 0502 also puts down twice as much water which improves your rinsing capability
