Model Number: CM500D

CycloMop CM500D Commercial Spin Mop with Dolly Wheels

Manufacturer: CycloMop

CycloMop CM500 Commercial Spin Mop with Dolly Wheels.

The First Commercial Grade Spin Mop! The CycloMop is a 360 degree rotating spin mop. The CycloMop will quickly and effectively clean up dirt, dust and spills from marble, tile, laminate, vinyl, wood floors and other hard surfaces. Floors can be clean and dry in half the time with the CycloMop. The microfiber head is ultra absorbent and can be reused for multiple uses and is machine washable. The mop head is specially designed so it can be easily attached or removed without having to touch the dirty mop head. The bucket is designed with a fast-spinning stainless steel wringer. This spinning action can be activated by the foot pedal or by just simply pumping the mop handle up and down. The CycloMop even has the ability to spin the mop in the water for more effective.
