Manufacturer: Injectidry System

Injectidry Vac It Panels 10 pack AC8317

VAC-IT Panels 46" x 30"
The Vac-It Panels will simplify the setup process, and significantly reduce your labor costs. Our Panels can be used to dry all sorts of wet materials, such as hardwood floors, headers, and plaster walls. Simply tape around the edges of the panels and hook up the tubes and hoses. (Taping the edges is the only way to ensure a consistently good seal and minimize the trip hazard) Used with the HP60 system
