

Model Number: CD425-D 1018110

Ebac CD425-D 1018110 Industrial Restoration Dehumidifier Gravity Drain 3 Phase 220V

Manufacturer: Ebac

Ebac CD425 1018110 Industrial Restoration Dehumidifier 3 Phase 220V Gravity Drain
Description
The Ebac 425 was developed to serve the demands of industry for environmental control of very large areas as well as areas with severe conditions. Warehouses factories, offices and other large-scale facilities with ambient temperatures ranging from 33 F to over 100 F can be cured of humidity and condensation problems efficiently and automatically without over burdening costly HVAC systems. The CD425 can be utilized singly or in multiple units to provide protection on any scale. Ducted applications are possible where design requirements specify.
Features

• Welded steel chassis with baked epoxy and vinyl coatings for abrasion resistance.

- An adjustable humidistat, to control the level of dryness desired.
- System lamps to tell the operating status of the unit at a glance.
- Ebac's unique "Hot Gas" defrosting systems.
- Rugged design for harsh industrial environments.

Specifications

Dimensions
47" (H) x 43" (W) x 19" (D)

Weight
353 lbs.

Moisture Removal
285 pints per day (80°F, 60% RH)
> 50 gallons per day @ saturation

Gravity Drain

2 X 5/8" O/D

Steambrite Supply

Operating Temperature Range
33°F - 95°F

Effective Area Coverage
52,970 cubic feet

Refrigerant
R407C

Airflow
1,750 CFM

Horsepower

4

Noise level
69 d(B)A

Compressor
Reciprocating

Electrical
220V, 60Hz, 3 Phase | 16 Amps | 3,680 Watts

Warranty
One-year unconditional warranty against any manufacturing defects in workmanship or material.
