Chemspec C-RXFRCS Rx For Fringe 6/2.5 lbs Jar Case Included Shipping

Manufacturer: Chemspec

Chemspec C-RXFRCS Rx For Fringe

SKU: RXFRCS

Product Description

A highly effective oxygen powder that quickly corrects browning on cotton fringes.

Product Specifications

• Form: Powder

• SKU Quantity: Case of six 2.5 lb. / 1.1 kg jars

• RTU pH: N/A

• Unit Size: 2.5 lb. / 1.1 kg jar

For correction of browning on area rug fringes:

Mix 1/3 of a scoop into 1 gal of water. Add 1 oz of powder detergent to the solution.

Apply with a brush to the fringes to make sure the solution does not get onto the rug body.

For correcting browning on UNDYED rugs:

Mix 1 heaping tablespoon in 1 gal. (3.8 L) of ready-to-use shampoo. Shampoo and

extract carpet in normal manner, OR --- mix 1/2 scoop in 1 gal. (3.8 L) of water and

spray over the surface of the rug. Allow to dry.

NOTE:

Beige is a DYE color. Do not use on beige. Rx for Fringe is an OXYGEN BLEACH.

Because of the variance in the chemical content of dyes, Rx for Fringe may cause

bleaching of some colors. USE ON COLORS AT YOUR OWN RISK. Chemspec will

not assume responsibility for bleaching of colors. DO NOT MIX OR ADD ANY

MATERIAL EXCEPT THOSE MENTIONED ON THE LABEL. Do not use on furniture.
