American Training Videos Custodial Series 1005 Basic Rest room Cleaning

Manufacturer: American Training Videos

American Training Videos Custodial Series 1005 Basic Rest room Cleaning [AMT-1005]

Describes the liquid method of cleaning a rest room. Recommends that abrasive powders be avoided. Discusses odor control, drain maintenance and loading of dispensers, then concludes with subject of “end shift” duties. Features an 11-step rest room cleaning program such as: how to prepare and replace supplies and ready equipment, trash removal, basin sanitation, sanitizing commodes and urinals, ways to clean mirrors as well as bright work, spot cleaning of walls, ledges, vents and partitions, when and how to sweep, dust mop, wet mop floors and the proper way to inspect.
