American Training Videos Hospital Series 1059
Maintaining Hospital Carpet
[AMT-1059]

Reviews the procedures for professionally cleaning carpet. There are three rules to remember before starting: 1. Protect yourself from danger; 2. don't create problems for yourself, and 3. Clean carpet in a planned pattern. It illustrates three methods for carpet cleaning: Hot water extraction, Encapsulation carpet cleaning, and the "Spin pad" bonnet method. Shows how to: Prepare carpet to be cleaned, post caution signs, remove spots, replace furnishings, inspect work, address any problems, and return equipment and supplies.
