Model Number: VB5  
Steel Eagle Vacu-Boom 5ft VB5

Manufacturer: Steel Eagle  
Steel Eagle Vacu-Boom 5' VB5

- When the vacuum system is turned on, the boom seals itself to the surface like a giant suction cup to for a barrier. The waste water or other liquid is then extracted into the boom and removed.
- Can be used on any hard surface
- Fast set up and take down
- Stores in 5" sections (other lengths available)
- High resistance to acids, caustics and petro chemicals
- Captures and contains concentrated flammables or hazardous liquids without extraction

Included with package:

Steel Eagle Fury 2400 ASE-3104 Pressure Washer Compact Vacuum Unit
