Manufacturer: BE Pressure Supply

BE Pressure Supply 14 inch Whirl A Way with 4000 psi 8 gpm swivel 85.403.014 SKU 777987344327

A very popular accessory for any pressure washer. The 14" whirl-a-way attaches to the end of the spray wand replacing the standard spray nozzle. This attachment is great for cleaning flat surfaces quickly with its twin nozzle rotary head that gives a wide cleaning pattern making it ideal for driveways and sidewalks.

- Pressure washer attachment to rapidly clean flat surfaces.
- Steel 1/4" quick connects into the end of the spray wand.
- Consists of two nozzles spinning on rotary arm that quickly cleans large areas.
- Shell and skirt contains the overspray creating a hover effect making it easy to move.
- Pressure washer must have a minimum 2,500 PSI and 3.0 GPM to operate.
- Rated up to a maximum 4,000 PSI and 8.0 GPM.

This flat surface cleaner for pressure washers is excellent for cleaning outdoor patios, alongside the pool, decks, long driveways, and rooftops. The NEW BE 14" Whirlaway makes cleaning flat surfaces a breeze. This cleaner prevents uneven zebra stripes and increases your cleaning time.
