Model Number: Bonzer Rental

San Antonio TX Rent a Rotovac Bonzer Carpet Cleaning Wand (Bi directional with glides) per Day

Manufacturer: SanAntonio Tool Equipment Rental

Rent a Rotovac Bonzer Carpet Cleaning Wand (Bi directional with glides) in San Antonio, TX

The Bonzer speed cleans carpet by capturing and delivering all the power your truckmount can generate. Seven spray jets are completely encapsulated under the manifold to ensure that no steam or heat escapes the cleaning zone. Front and rear Teflon vacuum glides along with a comfortable dual grip handle allow the Bonzer to be both fast and easy to operate.

Carpet cleaning machine is not included.

Price per day.

Completely encapsulates all heat and steam under manifold. (puts the heat where you need it). Front and rear Teflon vacuum glides clean in both directions. Sight tube on top of handle for high visibility. Ergonomic telescoping handle provides easy operation and storage. Works with Truckmount or Portable extractors that offer 42,500 vacuum units or more, offer auto fill and drain, Pump is 2.5 gpm @ 600 psi or larger, provide 200 degree non stop heat in high flow applications (example heater is propane, kerosene, natural gas, or diesel.)

Nozzles are 1/8" Mip and can be changed in angle, volume, or even plugged to accommodate your surface type.

Weighs only 17 lbs.

The factory reserves the right to change exact specifications without notice.
This means the color, or even parts for the build might have to change based on
availability as well as to provide continual design improvements.
In 2023 the Bonzer wand handle is going to change to a swivel format.
