Clean Storm 420100 TRUCKFORCE TF-Heater Little Giant Propane HEATER-65,000 BTU

Manufacturer: Clean Storm

Clean Storm TRUCKFORCE Little Giant HEATER-65,000 BTU:

Non Stock Special order Item / allow 8 week for build.

The TRUCKFORCE HEATER is a dolly mounted Little Giant Model 2HT LPG (Propane) Water Heater with a 5 gallon propane tank. You will be cleaning with 210 degree F heat instantly and maintaining this high heat consistently. This is Truckmount Heat! Remember more heat means your cleaning products work harder for you. The heater is safe to use and designed specifically for heating water under pressure. The heater's main burner ignites immediately when water is turned on at the wand. The 210 degree F heat is maintained consistently throughout cleaning. Ready to roll - hooks right up to your portable or truckmount heat exchanger with a high pressure solution line. The dolly is 4-1/2 feet high with two large wheels for easy stair climbing. All controls are readily accessible and all components are securely attached for complete portability.

- 65,000 BTU LPG (Propane) Heater
- Adds Consistent Heat to Any Cleaning System
- 210 degree F High Heat Capability
- Completely Portable
