Model Number: PDS1DX

Powr-Flite PDS1DX Powr-Dryer with Handle and Wheels 1/2 HP Freight Included

Manufacturer: Powr-Flite

The PDS1DX is the new and improved version of Powr-Flite's popular PD500 squirrel-cage dryer. This full-featured commercial dryer boasts an impressive 3,800 feet per minute in air velocity. Even with all that power, the PDS1 still weighs in at only 22 lbs. and is compact enough to fit in closets and the back of vehicles with ease. Additionally, it has a low amp draw of only 4.4 amps, giving you the most airflow for a small amount of amps. Stop trading performance for price and get Powr-Flite's updated Powr-Dryer!

This Powr-Dryer comes equipped with a telescoping handle and large transport wheels for easy transport. Multiple dryers can be stacked on top of this dryer, allowing you to move more to the job site - saving you time.

Features:

- Smaller and lighter – only 22 lbs.
- Full power – 1/2 hp motor and 3,800 feet per minute
- Lower amp draw – only 4.4 amps
- Stackable design provides easy transportation and storage
- American engineered and assembled
