

Model Number: 121113-13

Ametek Lamb 121113-13 Blower Vacuum Motor Brushless 120 volts 7.2in Diameter 2 Stage Tangential Replaced by 122176-18

Manufacturer: Ametek-Lamb

BACKORDER 1 MONTH

Ametek 121113-13 Blower Vacuum Motor Brushless is discontinued and replaced with

Ametek Lamb 122176-18 Vacuum Motor Blower 8.4 Inches 120 volts Tangential 2 Stage 1 Speed AV20

Replaces 121113-13, This 122176-18 8.4" 2 stage as it fits in the same bolt pattern as the 7.2" and it last for more than 2200 hrs. in use. Also performance is higher on both lift and CFM would better with less amp draw. Plus it will save them nearly half of the 7.2" cost.

120 volts

121113-13 Ametek Lamb Model 121113-13 7.2" (183 mm) Diameter Tangential Discharge 2 Stage 120 Bolts 50/60 Hz Brushless Motor
The replacement is not brushless.

AMETEK LAMB 121113-13 , Vacuum Motor, Ametek Lamb, 120V, 7.2", 2-stage, Tangential, 16.5A

Product Description
Description: Brushless Motor Switch Reluctance (SR) Technology Two Stage Fan System 120 Volts, 50/60 Hz 7.2" / 183 mm diameter Dual 10 mm Ball Bearings Tangential Discharge All Aluminum Diecast Housings Used in Motor Construction Life Expectancy: 5-10 Times More Than the Brush-Motor Equivalent Features: -“Generation II” (DIGITAL) Controller: No External Low-Voltage Control Power Required UL Component Recognized (Pending) IP Rating: 1.0 Speed Control Capability Tapered Fan System Thermally Protected Motor Design Patented Air Seal Bearing Construction (U.S. Patent # 4,088,424) Epoxy Painted Aluminum Fan End Bracket Designed to Dampen Vibration and Improve Durability
