Restoration Stainless Steel Cleaning and Prep Table 6 ft X 2 ft with Back Splash 20180605 Freight Included

Manufacturer: Clean Storm

Restoration Stainless Steel Cleaning and Prep Table 6 ft X 2 ft with Back Splash 20180605

COMMERCIAL-GRADE: Manufactured with top-quality, 18-gauge #430 stainless steel, this industrial-strength work prep table especially designed for high-volume features an ample sized, heavy-duty sleek flat top with rounded front and back edges for working comfort, while a 1-1/4" tall backsplash helps keep surrounding area clean.

HIGHLY DURABLE: Solid construction and quality materials ensure lasting use and durability. The table is resistant against everyday wear, as well as corrosion and oxidation. Tabletop wipes down quickly for easy cleaning and sanitizing.

STURDY, NON-MARRING SUPPORT: Table is equipped with galvanized legs for added durability and strength, and features adjustable non-marring feet, preventing floor marks and eliminating wobble on uneven surfaces for a steady and secure workstation.

SAFETY CERTIFIED: Table is NSF certified, meeting strict standards for public health protection.

ADJUSTABLE HEIGHT SHELF: Easily store supplies and readily have utensils, bowls, and other items at hand with the table's adjustable-height, galvanized under-shelf. Open-storage concept allows for convenient inventory updates, plus allows for easy cleaning.

Sales tax collected in every state.
