Model Number: 81418

Pumptec 81418 112V Pump .075 stroke M8235 Motor M-Valves 120 Volt 300 PSI Assembly GTIN 10679065070739

Manufacturer: Pumpte

Carpet Cleaning Pumpte 300 PSI Pump Assembly

81418 Series 112V Pump .075 stroke w/ M8235 Motor M-Valves 120 Volt 300 PSI

120 Volt, 300 PSI (recommended) Spray, '02 Nozzle (not included),

.67 GPM Spray, 1.3 AMPS 11 lbs

EDIC G11164

Please note the factory is now replacing all M35 motors with M70 motors, so orders can be filled with either motor.

EFFICIENCY

The plunger type design of the 112 is the most efficient way possible to pressurize water.

PUMPTEC® efficiency produces up to 20% more pressure or flow for a given power input compared to some competitors' pumps.

MAINTENANCE & SIMPLICITY

Factory lubricated for maintenance free performance. The only tool needed to completely disassemble the pump to its basic components is a simple hex wrench.

DURABILITY

Durability results from exclusive use of premium materials. All metallic wetted parts (except body) are stainless steel or chemically resistant plastic. The plastic pump body is nearly indestructible compared to pumps made of castings. Precision molded plastic body offers chemical compatibility

>

with a wide variety of chemicals.
VERSATILITY
Flow and pressure can be optimized to exactly
match power input to nozzle size by customer
selection of the precise eccentric offset.

Optional

Pumptec 200psi Upgrade Kit 112v Series Water Pumps 80656
