Clean Storm 25 ft Vent Cleaning Air Hose System for Skipper Balls/Air Whips 20181106 Reverse Blast (w/ Squeeze Trigger)

Manufacturer: Clean Storm

Clean Storm Vent Cleaning Air Hose System for Skipper Balls/Air Whips

Great control system for using skipper balls and air whips. Works especially well for cleaning dryer vents and flex. Air attachments do not use harsh brushes or rough materials that may damage venting, so you can clean, worry free.

Includes:
-Standard, 90psi blow gun with squeeze trigger. Provides easy control and quick shutoff, if needed.

-1/4 in male air hose QD to allow attachment to standard air hoses. QD is removable to allow adaptation to larger size hoses, if needed. Thread size going into gun 1/4 in Mip.

-25 foot rigid sewer jetting hose, allowing for easy pushing through vents.

-1/8 in female QD. Works with most standard skipper ball and air whip attachments with no adaptation needed.
Special pressure release design makes attachments less likely to be lost inside vents, like with standard QD's.

All attachments extra. Can be used with all Heat Seal, Clean Storm, and Nikro branded attachments.

Availability: This product was added to our catalog on Monday 12 November, 2018
