Model Number: 8.660-088.0

Karcher: 4-1/8 in Round Belt (8.660-088.0)

Manufacturer: Karcher Pressure Washing

Karcher: 4-1/8" Round Belt (8.660-088.0)

Round belts use friction to stay in contact with pulleys and must be stretched or elongated to provide good driving friction. They are best used in light-to-medium duty power transmissions. This belt is 4-1/8" in length.
