

Model Number: 20190812

Clean Storm 20190812 Hot Water Heater Auto Fill Hose With Brass Y Filter

Manufacturer: Clean Storm

Water Heater Auto Fill Hose for Carpet and Tile Cleaning Machine 20190812
Description
Hooks to the drain of a hot water heater to help you locate hot or warm water supply hook locations.
Can be used for carpet cleaning, tile and grout cleaning, and pressure washing.

Note, Pre-flush water heater before use, and you must clean the filter after each use. Turn off water supply at water heater > Simply take a 5 gallon bucket with you, > remove the brass cap from "Y" filter > Point "Y" filter in bucket > Turn water back on flush "Y" filter until flushes clean > turn off water > reinstall "Y" filter cap > remove fill hose from water heater.

Only use this hot water connection if as a last resort since it can push sand and rocks to your equipment.
Removes water from the bottom of the water heater so the water will not be as hot as options 1, 2 and 3 below.

1) We want you to hook to the washing machine hot water hose bib as your first choice.

2) Shower head hook up as your Second choice.

Shower Head Pipe to Male Garden Hose Brass Adapter 20180916

3) Bathroom Sink Hook up as your Third Choice

Faucet Adapter 15/16ths to Garden Hose Connection [291A] FGHA AX22 (fits most 13/16ths) 1665-0273

4)The Hot water heater hose found on this page as your fourth choice.

Can also be used as a prefilter when hooking equipment to the outdoor standard garden hose to remove bug/ insects that might be living in the garden hose.
