Model Number: G113

Mytee G113 Malish 812918 Nylon 18inch TUFF-BLOCK Carpet Brush with 5in Hole and Clutch Plate Installed

Manufacturer: Mytee Products Inc

Carpet Shampoo Brushes 18"

On brushes 14" diameter and larger, the two outer rows are heavier to scrub the carpet and flex the pile while the softer inner rows "massage" the dirt from the carpet for a deeper cleaning action.

The best quality brush for this application. Nylon is flexible and supple enough to gently scrub carpets, yet has more "memory" than other fibers for a longer lasting brush.

Carpet brushes must be broken in as described before use on carpets:

1. Mount the brush on the floor machine. Follow ALL instructions included in your owner's manual.
2. Find a rough textured floor surface, preferably unfinished concrete.
3. Operate the machine on this surface. Run the machine DRY for approximately 15-20 minutes. The brush fibers will take a slight set or lean in the direction of machine rotation.
4. Rinse the brush to remove any dirt caught when running machine. The brush is now ready to be used on carpeting.

Included clutch plate

Factory Installed 4101B\_NP-920  
Malish: Universal Clutch Plate
